

I am a person who works with passion, learns with zeal. Good at managing work, team player, and curious to explore boundaries, an energetic being who loves to solve problems, Clam minded and would like to work for innovative solutions.

## EDUCATION

Bachelor of engineering, Army institute of technology, Pune SGPA: 8.82/10

07/2020 — 08/2024

## PROJECTS

### OSS Club Website

[link](#)

- AIT Open source software club is meant to promote the coding culture in the campus, and the website is made to give the regular update of club events to all the students.

### Innerv6 official website

[link](#)

- AIT Open source software club organizes a hackathon for all the student developers and I was part of the team responsible for making the hackathon website.

### Anubhav website

[link](#)

- Anubhav: Experience Sharing Point (A-ESP) is a platform developed for AITians to read share encounters of various interviews.

### Personal Portfolio

[link](#)

- Designed and developed my personal portfolio using HTML,CSS JavaScript.

## EXPERIENCE

### Javascript Intern

10/2021 — 11/2021

Sosio Technologies

Remote

- Made the Dashboard using React and Firebase with real time change displaying
- Worked on the UI/UX in ReactJS and SCSS to handle the CSS in the website
- Worked on the frontend of the OderOnWhatsApp project, used ReactJS , Scss and Redux to handle the data and frontend

### Design Pioneer

08/2021 — 10/2021

Doconation

Remote

- Headed the design department at DocoNation and worked on designing their webpage.
- Helped with coding the web page using HTML, CSS, and JS.
- Managed and designed the Social Media theme for the social audience.

### Market Research Intern

12/2020 — 01/2021

Digital Persistent

Remote

- Worked in a team of 3 as a Market Research Intern where we collected data on the usage of Robotic Process Automation (RPA) in the North America Region
- The Team worked on a presentation where we quantified and analyzed all the RPAs that are used in macro-scaled industries and how big of a boost they proved to be for that firm.
- The team at the end of the internship submitted a report of over 120 slides and presentation notes, which summarised that RPAs resulted in a net growth of 16.2% to early adopters.

## SKILLS

Languages	C++, Javascript, Python, Kotlin
Technologies	ReactJS, ExpressJS, MongoDB, SCSS, HTML, GIT/GITHUB, Google Cloud, Data Structure and Algorithms
Tools	Figma, Adobe Premiere Pro, Adobe After Effects, Adobe XD, Frammer, Canva
Soft Skill	Public Speaker, Rational Thinker

## ACHIEVEMENTS

- Winner at Doconation Internal Hackathon
- 5 Star on Hackerrank
- Winner of Graphica 2021
